## How CERN is working with the ICT industry to find solutions for the Large Hadron Collider <sup>[1]</sup>

**Date published:**

21 May 2013

**Outlet:**

<http://www.siliconrepublic.com>

We talk to Bob Jones, who heads up CERN's openlab project, a partnership between CERN and ICT companies to drive forward data-intensive solutions for the needs of the scientific community working with the Large Hadron Collider (LHC), the world's most powerful particle accelerator.
