Applications now open for CERN openlab Summer Student Programme 2018

Applications for the 2018 CERN openlab Summer Student Programme are now open. Apply and open a world of possibilities!

By joining the programme, you will work on ambitious IT projects using some of the latest hardware and software technologies, and see how advanced IT solutions are used in high-energy physics. In addition, you will have the opportunity to attend a series of [lectures](#) ^[2] developed for the CERN openlab summer students, given by IT experts on advanced CERN-related topics. Included in the programme are also visits (link is external) at the CERN facilities and experiments, as well as other research laboratories and companies.

The CERN openlab Summer Student Programme is much more than just a summer at CERN. It can lead to follow-on projects in your home institute. It may even inspire you to become an entrepreneur in cutting-edge computing technologies!

More details on the CERN openlab Summer Student Programme are available [here](#) ^[3].

Apply now on the 'Careers at CERN' website ^[4]. The deadline for submitting applications is 19 February, 2018 (23:59 CET).
