CERN openlab Innovation and Entrepreneurship Event ^[1]

Date:

Thursday, 26 November, 2015 - 09:00 to 17:00

Location:

[CERN Filtration Plant](#) ^[2]

This event ? organised in collaboration with the CERN Knowledge Transfer Group and IdeaSquare ? is a great opportunity for you to explore it further!

In the morning session, experts from a variety of organisations will speak on diverse aspects related to both innovation and entrepreneurship. From commercialisation and start-up funding to marketing and social impact, the broad range of topics covered by these talks will provide a valuable learning opportunity.

CERN members are encouraged to come forward with their own innovative ideas for the event. There will be the opportunity to privately discuss these one-to-one with the experts in the afternoon, with a view to helping CERN members assess the technical and business feasibility of their proposals (under strict confidentiality).
