CERN openlab Open Day 2016 ^[1]

Date:

Wednesday, 8 June, 2016 - 14:00 to Thursday, 9 June, 2016 - 15:00

Location:

CERN Main Auditorium ^[2]

CERN openlab is organising an 'open day' event for 8-9 June 2016. The event will provide an opportunity to learn about CERN openlab's work: collaborating with leading ICT companies and research institutes to accelerate the development of cutting-edge solutions for the worldwide LHC community, as well as for wider scientific research. The event will take place at CERN in the main auditorium, as well as in the upstairs mezzanine area of the main building. It will feature both talks and posters on the achievements of diverse CERN openlab projects over the last year. There will also be hands-on technology demonstrations from companies working with CERN openlab, so that you too can discover the latest ICT innovations. If you're interested in finding out more about how research and industry can work together in close partnership to drive innovation in support of the scientific community, then this event is for you.
