## PhD positions at Universities of London, Newcastle, Durham and Keele, UK, date limite: avr. 2016 <sup>[1]</sup>

**Date published:**

25 Mar 2016

**Outlet:**

[risc.cnrs.fr](http://risc.cnrs.fr)

I invite applications for a fully-funded three-year PhD student position at the Institute of Neuroscience at Newcastle University, Newcastle upon Tyne (UK). The successful candidate will work under the supervision of Dr Roman Bauer and Dr Evelyne Sernagor, and do computational modeling as well as wet-lab work on neuronal development in the retina. There is also the possibility for the student to be involved in a collaborative project with CERN openlab and Intel as a project partner.
