# Seagate teams with CERN Openlab to help manage Large Hadron Collider data

The Inquirer Tuesday 17th March, 2015

Seagate has inked a three-year partnership with CERN Openlab to help better manage and store the masses of data generated by the Large Hadron Collider (LHC).

The partnership will see the two firms collaborate on the Seagate Kinetic Open Storage platform, which aims to better manage and store the 100 petabytes of data...
