Bristol Palin: "I'm No Victim"

Apostasy: Feelings of Loss Liberation By Troyth I

For those of us atheists who are former religionists initially unaccustomed to our unbeliefs, there at first seems to be a sense of loss.

Childfree

My choice.

Steves Shock of god: After the debate

A few random bits to start with, then a review of my debate with Shock of god. Read and see more from me at: <http://www.stevelikestocuss.com>

David Eagleman: Welcome to our Future Brain

<http://bigthink.com/> We're entering a very interesting stage of human history right now where we can start importing technology to enhance our natural

The fourth phase of the CERN openlab partnership to tackle exascale IT challenges for science Geneva, 9 May 2012. The fourth phase of CERN openlab was officially launched during a meeting of its board of sponsors taking place at CERN on 8 and 9 May. CERN openlab is a unique public-private partnership between CERN and leading information technology companies HP, Intel, Oracle, Siemens with contribution from Huawei. Its mission is to accelerate the development of cutting-edge solutions to be used by the world...
