Sneha Sneha ^[1]

Biography:

Sneha will be completing her undergraduate studies in Computer Science from Amity School of Engineering & Technology, Amity University, NOIDA, INDIA in 2014. She is broadly interested in Software Development, particularly web. Her projects including MIME protocol decoder, distributed learning system, twitter client and HTML5-CSS3-Jscript based Funzone, among others, depict her penchant for diversity. She loves to indulge in content writing in her leisure time. During the stay in CERN, she is working on a project to develop a web-interface for a physics analysis database where SQL-queries can be provided as input to run over a dataset, and which displays histograms visualizing the result of the query.
