Berlin, GERMANY - September 14, 2015 - School of Data Analysis in partnership with Yandex Data Factory is hosting its second Machine Learning: Prospects and Applications conference in Berlin, 5th to 8th October 2015. The event will bring together world renowned data scientists and business leaders from 14 countries to discuss the advances in the theory, technology and applications of machine learning. Royal Holloway, University of London is the academic partner of the conference. It is also in partnership with Yandex, the world's fourth largest search engine.
