Introduction

Computing Engineer in the Information Technologies Departement (IT), Storage Group (ST), Analysis and Design Section. (IT-ST-AS).

The Storage Group (ST) within CERN's IT Department ensures a coherent development and operation of storage services at CERN for all aspects of physics data. A key responsibility of the Group is the development of data storage and data management solutions, which are mission critical for the LHC program but also most other science activities at CERN and the word-wide LHC grid.
