CERN Openlab Summer Student Programme 2017 is launched by CERN, the European Organization for Nuclear Research to train students on the latest hardware and software technologies and teach them to incorporate IT solutions into high energy physics. CERN Summer Internship Programme is offered to students pursuing graduation or postgraduation for at least three years in Engineering, Computer Science, Physics or Mathematics who are interested in working on advanced IT projects for a twomonth period between JuneSeptember 2017. Students who are still pursuing their course are also eligible to apply provided that they finish their courses prior to the start of the program. The last date to submit CERN Openlab Summer Student Programme Application Form is 15 February 2017.
