## Internet of things (IoT) workshop <sup>[1]</sup>

**Date:**

Tuesday, 7 November, 2017 - 09:00 to 18:00

**Location:**

[31-3-004 - IT Amphitheatre](#) <sup>[2]</sup>

In this first CERN openlab IoT workshop, speakers from academia and industry will present the current state of the key technologies used to build Smart environments, such as Smart Buildings, Campuses and even Cities. Technologies related to Smart Mobility will also be discussed as well as how these technologies are likely to impact on our daily life.

Speakers from CERN will present opportunities for how the Organisation could potentially make use of IoT technologies, and will describe several ongoing prototype projects.
