Applications are invited for two months CERN summer student programme to work on advanced IT projects. Applicants must be a Bachelor or Master student in Computer Science, Mathematics, Engineering or Physics (with a strong computing profile). During two full months corresponding to nine weeks (June-August 2018), the CERN openlab summer students will be given a series of IT lectures especially prepared for them by experts at CERN and other institutes. A report on the work project carried out is to be handed in at the end of the stay. The application deadline is February 19, 2018.
