# Applications for the 2017 CERN openlab Summer Student Programme are open

Apply and open a world of possibilities!

By joining the programme, you will work on ambitious IT projects using some of the latest hardware and software technologies, and see how advanced IT solutions are used in high-energy physics. In addition, you will have the opportunity to attend a series of lectures (link is external) developed for the CERN openlab summer students, given by IT experts on advanced CERN-related topics. Included in the programme are also visits (link is external) at the CERN facilities and experiments, as well as other research laboratories and companies.

More information about program can be found HERE (<http://openlab.cern/summer-student-programme>)
