About CERN Openlab Summer Student Programme 2016

- CERN Openlab Summer Student Programme 2016 is launched by [CERN](#), the European Organization for Nuclear [Research](#) to train students on the latest hardware and software technologies and teach them to incorporate IT solutions into high energy physics.
- CERN Summer [Internship](#) Programme is offered to students pursuing graduation or post-graduation for at least three years in ***Engineering, Computer Science, Physics or [Mathematics](#)*** who are interested in working on advanced IT projects for a two-month period between June-September 2016.
- Students who are still pursuing their course are also eligible to apply provided that they finish their [courses](#) prior to the start of the program.
- The last date to submit CERN Openlab Summer Student Programme [Application Form](#) is February 28, 2016.
