Applications are invited for two months CERN summer student programme to work on advanced IT projects. Applicants must be a Bachelor or Master student in Computer Science, Mathematics, Engineering or Physics (with a strong computing profile).

During two full months corresponding to nine weeks (June-August 2018), the CERN **openlab** summer students will be given a series of IT lectures especially prepared for them by experts at CERN and other institutes. A report on the work project carried out is to be handed in at the end of the stay. The application deadline is February 19, 2018.

**Field of Internship:** Students will work on advanced IT projects.

**Course Level:** Internship

**Internship Provider:** CERN and the CERN open lab

**Internship can be taken in** Switzerland

### Eligibility:

- You must be a Bachelor or Master student in Computer Science, Mathematics, Engineering or Physics (with a strong computing profile)
- You have completed, by summer 2018, at least three years of full-time studies at university level.
- You will remain registered as a student during your stay at CERN. If you expect to graduate during summer 2018, you are also eligible to apply.

- You have not worked at CERN before with any other status (Technical Student, Trainee, User...) for more than 3 months and you have not been a CERN summer student in the past.
- A good knowledge of English is mandatory; knowledge of French would be an advantage.

**Internship Open for International Students:** International Students are eligible to apply for this CERN summer student programme.

**Is this paid internship?** This is a paid internship programme:

- An allowance of 90 CHF per day during your contractual dates
- Travel allowance (on a lump sum basis)
- Assistance to find accommodation on the CERN site or nearby
- Health insurance scheme during the duration of your contract
- 9 weeks of stay – 40h/week

**Internship Description:** Are you a B.Sc. or M.Sc. student (who will have completed at least three years of full-time studies at university level by next spring) in Computer Science or Mathematics, Engineering or Physics with a strong computing profile? Would you be interested in working on an advanced IT project for two full months during the summer? If so, you should apply to the CERN **openlab** Summer Student Programme!

**Number of awards offered:** Not Known

**Internship Duration:** During two full months corresponding to nine weeks (June-August 2018).

**Notification:** The results of the selection procedure will be made available to the students by mid-April 2018.

**How to Apply:** The mode of application is [online](#).

Required Documents

- CV
- Proof of enrolment at a university for the current year
- Report on Candidate: Once your application has been submitted you will receive a confirmation e-mail which contains a link to this report which has to be forwarded to at least one referee (preferably a professor). In order to be considered, at least one new report must reach us before the deadline. The report on candidate needs to be less than 6 months old at the deadline.

**Internship Application Deadline:** Internship application deadline is February 19, 2018.
