Creating an environment where innovation and creation are first and foremost is key to nurturing these great minds. This is why I am asking you to join me at the Intel® HPC Developer Conference happening November 11-12 in Denver, Colorado. We are excited to be able to provide information, training, networking, resources, and support for the next generation of developers.

Multiple Sessions for Learning

We are offering a wide variety of sessions and talks geared towards Parallel Programming, High Productivity Languages, Artificial Intelligence, Systems, Enterprise, Visualization Development, and more at the conference. As part of our ongoing support of the world-wide
