CERN, the European Organization for Nuclear Research, has launched a summer program for 2017! Candidates now!

Where : Geneva, Switzerland

Duration : 9 weeks (2 months)

Deadline: February 15

Description of the offer

CERN, the largest laboratory in the world of particle physics located in the city of Geneva on the border between held a summer program for 2017 was of Switzerland and France.

These are two whole months of IT classes held at the CERN openlab by laboratory experts and other institutions.

The selected summer students will also have the opportunity to attend lessons of general studies courses CERN. They also organize trips to accelerators and experimental areas, as well as visits to external companies. At the end of the stay is requested a report on the work project done.

requirements

- Being a three-year or master student in Computer Science, Mathematics, Engineering or Physics;
- Have completed by summer 2017, at least three years of full-time studies at the university level;
- Remain registered as a student during their stay at CERN. It can apply for it even if it is expected to graduate in summer 2017;
- Not having previously worked at CERN for more than 3 months;
